

PAULA VALENCIA

Multimedia & Learning Experience Designer

Hello, I'm Paula Valencia, a passionate Interactive Media and Learning Experience Designer dedicated to turning complex information into high-fidelity digital products, engaging multimedia assets, and structured learning environments. With a strong background in interactive media design, I specialize in architecting intuitive user interfaces (UX/UI) and crafting dynamic, accessible educational resources. I thrive at the intersection of instructional strategy and visual design, utilizing user-centered methodologies to ensure experiences are not only aesthetically polished but educationally effective, functional, and deeply engaging.
